

# AUTOMOTIVE POWER SUPPLY

## PRODUCT DETAILS

### PARAMETER

### RATED VALUE

|                  |                                  |
|------------------|----------------------------------|
| Input voltage    | 9-30 VDC                         |
| Input connector  | 12/24 VDC auxiliary power outlet |
| Output connector | 4-pin, 3mm pitch                 |
| Maximum current  | 2 A                              |
| Input protection | Fuse                             |
| Cable            | 2x0.5mm <sup>2</sup> ,1500 mm    |
| LED indicator    | ✓                                |
| RoHS Compliant   | ✓                                |
